Main Parachutes:

1. PD – Sabre 2 190 - SN: SA190-005674 Price: \$1750
 - a. Jumps on Canopy: 10 (1990+ remaining)
 - b. Jumps on Lineset: 10 (490+ remaining)

Notes: The Sabre2 is a powerful semi-elliptical nine cell canopy for current, intermediate jumpers. It feels aggressive at higher wing loadings but quite tame when lightly loaded. The Sabre2 is well known for its powerful flare and wide speed range. With a steeper glide and a longer recovery arc the Sabre2 is an excellent choice for those wanting a more aggressive piloting experience. Bestselling parachute on the market for new to intermediate jumpers.

2. PD – Spectre 170 - SN: SP170-004848 Price: \$1200
 - a. Jumps on Canopy: 300 (1700 + remaining)
 - b. Jumps on Lineset: 300 (200+ remaining)

Notes: A lightly tapered seven cell, one of the most popular canopies produced. Has surprisingly flat glide, soft on-heading openings, and smooth progressive response on the toggles. If you want predictability, the Spectre is your canopy.

3. Flight Concepts – Pro Series 190 - SN:PRO-190-1006 Price: \$500
 - a. Jumps on Canopy: 350 (1650+ remaining)
 - b. Jumps on Lineset: 350 (150+ remaining)

Notes: Great parachute, similar to a Sabre 2, tapered canopy, smooth openings, slightly more docile.
